

Dibuja el camino de cada medio de transporte.

NOMBRE:

The main activity area consists of five rows of wavy lines representing water. Each row begins with a different mode of transport on the left side, with a dashed line indicating its path through the waves:

- Row 1: A hot air balloon with a bear inside. The path is a dashed line that follows the top of the waves.
- Row 2: A sailboat. The path is a dashed line that follows the top of the waves.
- Row 3: A steamship. The path is a dashed line that follows the top of the waves.
- Row 4: A submarine. The path is a dashed line that follows the top of the waves.
- Row 5: An airplane. The path is a dashed line that follows the top of the waves.
