

CADENAS DE OPERACIONES

Primer Nivel

A yellow, winding path contains three arithmetic chains. At the top, a fox and a bird are on the path, with question marks above them. A green pencil is at the end of the path, pointing to the final answer.

1 + 3 - 2 +

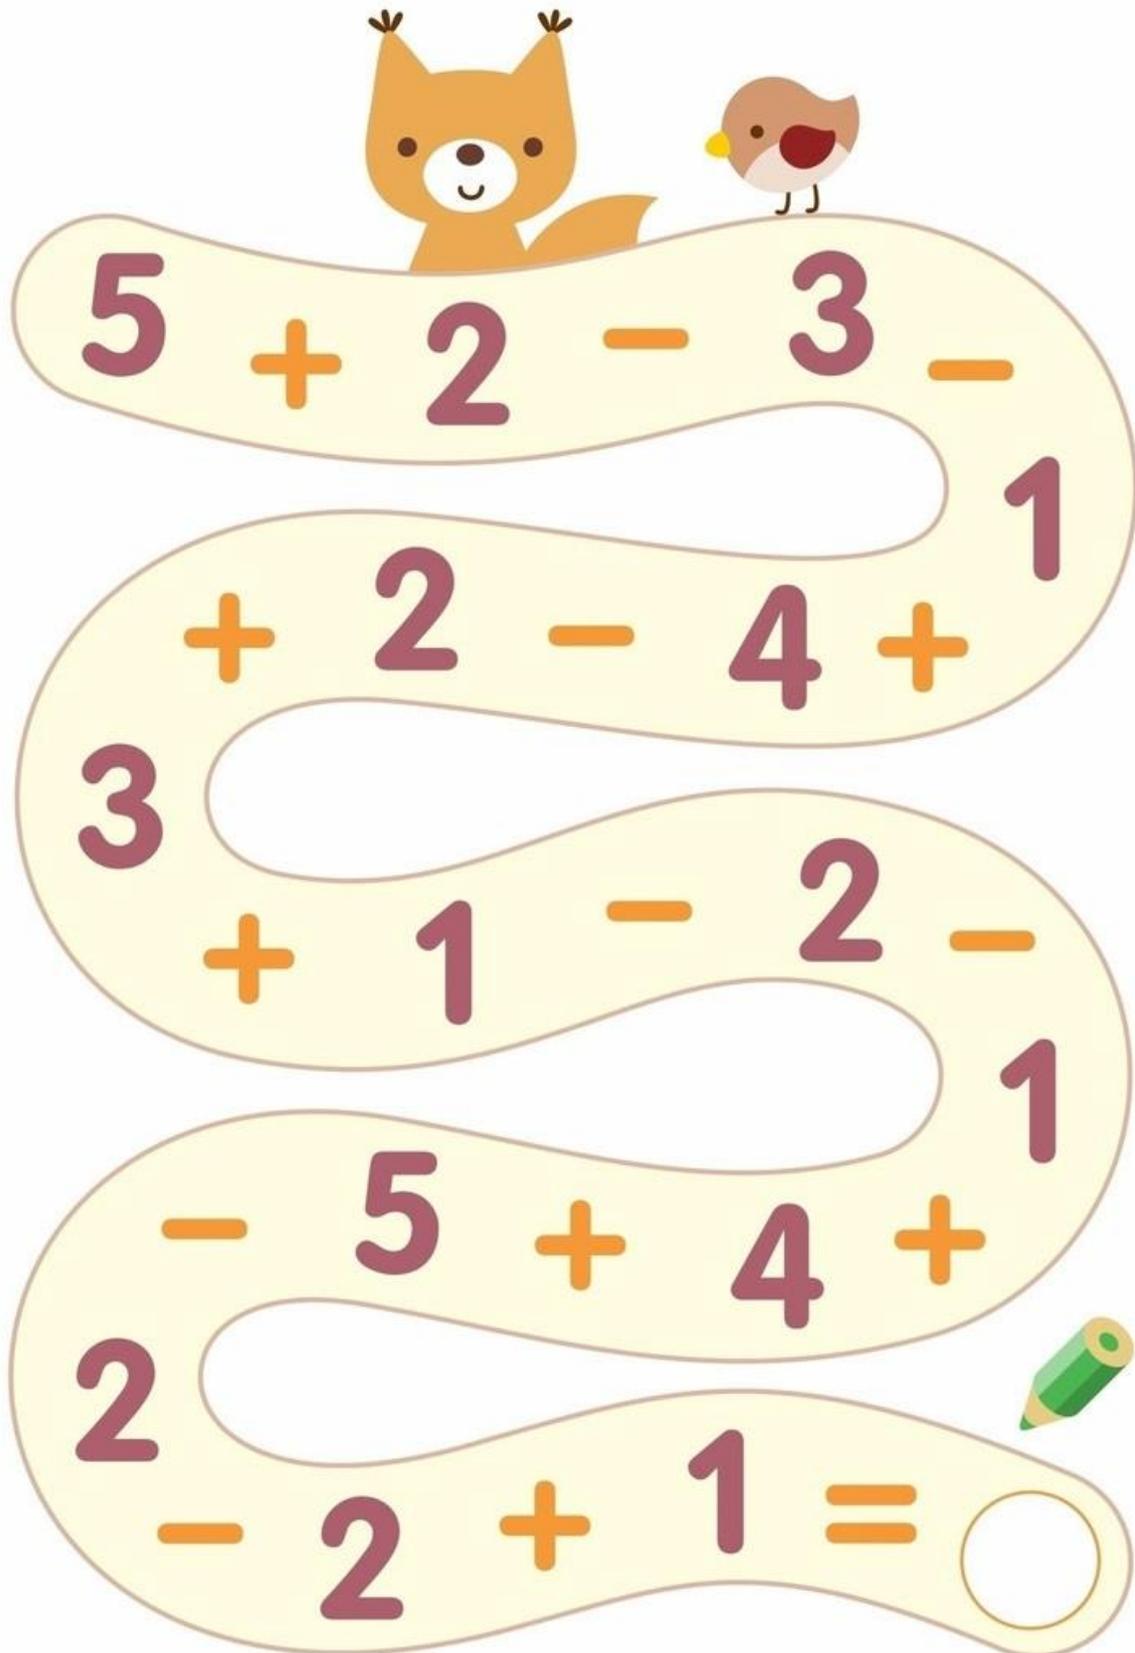

+ 3 - 4 + 1

2 + 5 - 2 = 9

A yellow snake-shaped path with a brown outline, winding from top to bottom. At the top of the path, a brown squirrel with its arms raised and a small brown bird are standing. The path contains several math problems in purple and orange numbers and symbols. The problems are: $5 + 3 + 1 -$, $+ 3 - 1 - 2$, $5 + 4 + 2 -$, $+ 4 + 1 - 3$, and $5 - 3 + 1 =$ followed by a circle for the answer. A green pencil is shown at the end of the path.

Calcula el resultado.

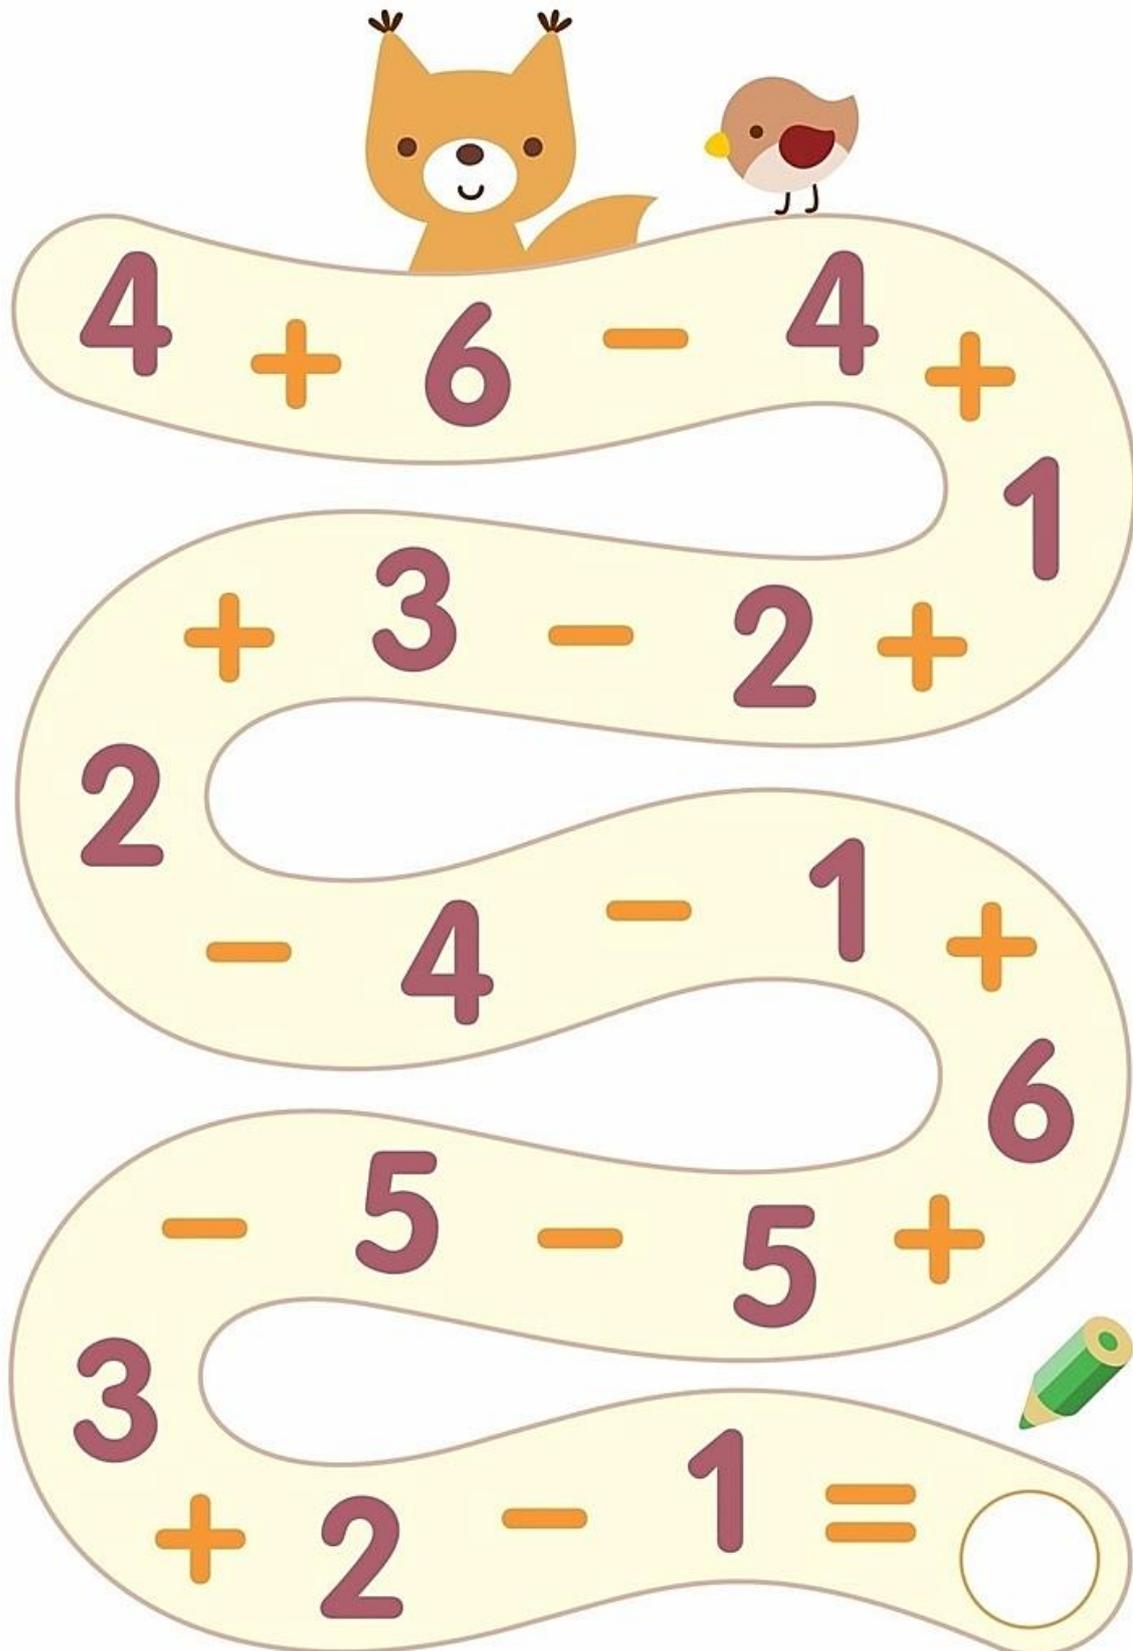

A large yellow ribbon with a wavy path contains several math problems. At the top, a cartoon fox and a cartoon bird are visible. The ribbon starts with the number 3, followed by a plus sign, the number 1, a minus sign, the number 2, and another plus sign. The ribbon then loops back to the right with the number 3. It continues with a plus sign, the number 2, a minus sign, the number 4, and a plus sign. The ribbon loops back to the left with the number 5. It then continues with a minus sign, the number 1, a minus sign, the number 2, and a plus sign. The ribbon loops back to the right with the number 3. It continues with a minus sign, the number 2, a plus sign, the number 1, and a minus sign. The ribbon loops back to the left with the number 2. It ends with a minus sign, the number 1, a plus sign, the number 6, an equals sign, and a blank circle. A green pencil is illustrated at the end of the ribbon.

$$3 + 1 - 2 + 3$$
$$+ 2 - 4 + 5$$
$$- 1 - 2 + 3$$
$$- 2 + 1 - 2$$
$$2 - 1 + 6 = \bigcirc$$

A large yellow ribbon with a wavy path contains several math problems. At the top of the ribbon, a cartoon fox and a cartoon bird are visible. The math problems are as follows:

- 4 + 6 - 4 + 1
- + 3 - 2 + 1
- 2 - 4 - 1 + 6
- 5 - 5 + 3
- + 2 - 1 =

A green pencil is positioned at the end of the ribbon.

A yellow ribbon with a wavy path contains several simple arithmetic problems. At the top of the ribbon, a brown squirrel with its arms raised and a small brown bird are perched. The ribbon starts with the number 6, followed by a plus sign, the number 2, a minus sign, the number 1, and a plus sign. The path then loops to the right where the number 3 is written. It loops back to the left with a plus sign, the number 1, a minus sign, the number 2, and a minus sign. The path loops to the right with the number 1, a plus sign, the number 4, a minus sign, the number 5, and a plus sign. It loops back to the left with a minus sign, the number 1, a plus sign, the number 2, and a minus sign. The ribbon ends with the number 3, a minus sign, the number 2, a plus sign, the number 2, an equals sign, and a small circle. A green pencil is shown at the end of the ribbon.
